

Today is Father's Day!

What special things do you have planned for your Dad today?

Normally, in Sunday school we would be making a card and a gift for your Dad's or Grandpa's. If you can, I would love if you would still color your Dad (or whoever you celebrate today!) a picture or make him a card. Dad's do so much for us every day, today is an opportunity for us to tell them thank you for what they do and how much we love them!

Since we aren't together to make a gift to give, you can give a different kind of gift to your Dad- try to help out extra today. Could you make him lunch or dinner? What about helping do a chore for him, like dishes, laundry, yardwork, or something else that needs to be done? It can even be as simple as cleaning your room without being asked or doing your normal chores without being told! You could even do something with him that he would like! You could ask him if there is anything special that he would like to do!

Have fun celebrating today!

"Honor your father and your mother, so that you may live long in the land the LORD your God is giving you." -Exodus 20:12

Share with me what you do for your Dad (or whoever you celebrate) today!

I miss you all-

Megan
