

Hello all!

I hope you enjoyed last weeks lesson- F.R.O.G.! I know that it sure helped me throughout the week when I thought of the lesson or saw Eli's picture to "fully rely on God."

Monday is Memorial Day!

Do you know what that day is for? We always commonly think of it as a three-day weekend, the end of the school year, barbeques, camping, sort of a "kick off" to summer. But it really has an especially important meaning- it is an incredibly special day. It is a day that we take to honor the ultimate sacrifice that many Americans have made for our country. There have been many wars that people have fought to make this country great, to help ensure that we have the freedom and privileges that we do. There were many of those people that went to war and did not come back home, they died for our country. Another way to say that is that they sacrificed their lives so that we may live. Who else do we talk about that did that for us? JESUS! Yes, Jesus gave his life for ours so that we may be forgiven.

So this weekend, and especially Monday, I want you to remember the people who fought for us to live they way we do now. It is a day to honor those who didn't make it home from war, the ones who made the ultimate sacrifice. Let us remember them and be thankful! And always- let's remember what Jesus did for us and be thankful for him!

I miss you all!

Megan

P.S. I have included aa coloring sheet that you can print and color if you are able to!

Memorial Day
